NEW COMPUTER SYSTEM STARTED

Tag Notices In Mail

Hancock County residents will be getting a computerized bill for their 1969 auto tags this year, according to Wilson Webb, deputy sheriff.

This new system of computerized billing is made possible through the computer center of Hancock Bank, Gulfport. According to Webb, this will eliminate the inconvenience of people having to make a trip to the county courthouse to purchase their tags.

Billing was sent only to previous tagowners of record 1968. Where new vehicles are involved it will be necessary for that person to come by the sheriff's office to purchase his tag.

Approximately 9,000 bills were mailed out October 1. Each person should look over the card he receives very carefully, to see if the following information on the card is correct: name and address, identification of vehicle, and the taxing district (which appears on the face of the card).

After one is familiar with the card and the data contained on both sides of the card, applicant must sign the card and follow the instruction as to method of payment: personal check or money order. It is requested by the sheriff's office not to send cash in the mail. If one wants to pay by cash, he should come to the office to make payment. A return addressed envelope is enclosed for purpose of mailing payment in.

Upon receipt of the remittance, license plates will be mailed within five days—this short delay is because the computerized cards will have to be returned, to the computer center in Gulfport, for assignment of individual tag numbers.

Webb said, his office expects some minor problems this first year. Errors, such as in correct addresses might occur. However, in the long run this new method of billing will prove to be a convenience to the tag buyer.

Persons living in the new annexed area of Bay-Waveland should read their card very carefully to be sure that they have been taxed in the proper taxing district.

Under Mississippi law, the new tag (1969) should not be placed on a vehicle until November 1, according to Webb. The sheriff's office suggests that purchase of tags should be made by October 15th. Tags will be mailed on a first come basis. Anyone not receiving a tag notice by October 10th, should come by the office and make application.

All vehicles registered under the following categories were not included in the computerized billing program: motor cycles, school buses, ambulances, county and municipal vehicles, and heavy duty trucks (1 1/2 tons and up.)

INSPECTING CARDS on the new system of computerized billing for 1969 Hancock County auto tags are Sheriff W. A. (Fred) Curet and Miss Evelyn Turcotte, sheriff's office employee.

Better Govt. Committee Issues Formal Statement

The Committee for Better City Government met last Thursday to further discuss the Street Improvement Bond Issue as proposed by the City administration.

Earl Raymond, chairman, conducted the meeting. The Committee adopted the following resolution: The Committee for Better City Government wishes to reply to a statement issued by Mr. Glover, City Commissioner, carried in the last issue of the Sea Coast Echo, wherein he stated the loss of \$20,000 in higher interest rates on City bond issue was caused by the lawsuit filed invalidating the issue of \$750,000.

No. 19 We wish to point out that this issue in the amount of \$750,000 saved the taxpayers of the City of Bay St. Louis \$90,000 not to mention savings on bonding as well as savings by City Government.

if the City Expects that 4.5 mills will amortize the \$750,000 bond issue within the 10 year period, we cite the Report of the City Engineer dated August 12, 1968, wherein 6.42 mills will be required as a general tax levy in addition to the proposed \$2.00 per front foot assessment. This is much higher than the 4.5 mills as stated last week.

No. 20 The City Fathers are not to be concerned about cost information, as we have to audit as yet.

No. 21 Further, they have failed to comply with the law in preparing and publishing the Annual Budget for the year 1969, 1968, 1967, 1966, 1965, 1964, 1963, 1962, 1961, 1960, 1959, 1958, 1957, 1956, MRS. NOLAN A. LADNER

Miss Farr Weds Nolan Ladner

St. Mary's Catholic Church, Jackson, was the setting for the recent wedding of Miss Vicki Lynn Farr, daughter of Mrs. Richard M. Farr Sr. of Jackson and the late Mr. Farr, and Nolan Alcide Ladner, son of Mr. and Mrs. Nolan Stanislaus Ladner of Bay St. Louis. Rev. Michael Leane performed the double ring ceremony before a background of emerald and feathered fern with candelabra holding white tapers. Princess baskets of magnolia leaves, gladioli and daisies were on both sides of the altar.

Music was rendered by Miss Charlotte Raspberry, Meridian, Organist, and Mrs. Ben Willis, soloist of Jackson. Given in marriage by her brother Terry Davis Farr, the bride wore a gown of peau de soie with appliques of Alencon lace adorned with seed pearls on the bodice and A-line skirt. Styled on Empire lines, the gown was fashioned with a portrait neckline and elbow sleeves. A full Watteau train enhanced with lace and pearl appliques fell from the double crown of pearls and crystals. She carried a cascade of daisies and orchids clustered with white rosebuds.

Miss Joy Shepherd of Jackson was maid of honor. Bridesmaids were Miss Judy Tullos and Miss Karen Smith, both of Jackson, Miss Mind Jeffrey, Bay St. Louis, and Miss Sandra Faulkner of Hattiesburg.

Miss Kerrie Speland, Bay St. Louis, sister of the bridegroom, served as flower girl. Mr. Ladner was his son's best man. Groomsmen were Mike Ladner, brother of the bridegroom, Jackson, Richard Watts, Charlie Rhodes and William Breland, all of Bay St. Louis. Ned Hanks, Bay St. Louis, was ring bearer.

TRUE PRAISE

HELLO AGAIN. After a whole week of entering the Kelo office only for the most important of all possible reasons, to pick up a paycheck, we feel very lucky for having so thoroughly enjoyed our vacation, the first eight days having been wasted away under the tender, loving hands of Hancock General Hospital staff and personnel. TRUE PRAISE for this efficient and unusual institution will come later in a full length feature article, but we must confess that after a series of tests, lots of attention and just as much delicious food; your reporter is feeling better than she has in years. We're not recommending that everyone in town rush out to Hancock General and flop into a bed for a good rest. Beds are sorely needed for those who are really ill—but if your doctor recommends tests; or a complete physical with x-rays, electrocardiograms, the whole bit we'll guarantee that you'll be discharged feeling as if you'd just visited a "Maine Chance" type facility, and at about one-tenth the cost. And, that is assuming that your hospitalization costs only a small part of the total charges.

JUST A FEW AFFAIRS we sincerely regret having missed due to the confinement were the weddings of Margaret Garriga and Bobby Saux; Pat Jefferson and Edward Blaise, Jr. three big openings—automobile shows at Lamar-Lane and Terry-Merrill Motors, and the big formal introduction of the new Fountain of Beauty in Colonial Plaza, Inc. We also missed the United Fund Kick-off banquet and happy hour; Bay High's first winning football game and St. Clare's Parish Hall dance held Saturday night. HANCOCK MUSIC CENTER opened with a great big sound Saturday. The new music shop and studio is located on Coleman Ave. in Waveland and just about everybody who is anybody in the field of pop, folk and western music locally, was on hand to congratulate owners George McIntyre and Harry Henning. Harry is a young man of much renown in classical and contemporary instruction and instrument, sheet music and supplies sales.

GET WELL GREETINGS are due current and former fellow Hancock General patients. Ruth Goelzenleuchter is now feeling almost as well as ever after having gall bladder surgery last Tuesday. Bootsie Wolfe acquired her new "corset" the following day—it's not a matter of vanity—but was fixed for purely remedial purposes.

Viva Smith faithfully visits husband Arthur as often as visiting hours permit. Arthur is in room 20 (we think).

Hazel (Aunt Tip) Bordages is much too active to spend all of her time in her hospital room and strolls the halls to keep from becoming weak during her confinement. Her niece Belle (Mrs. Charles) Peterson spent one night in the same wing, but was released the following day.

Nola (Mrs. Nolan) Kingston and Nondie (Mrs. Eric) Necalso spend much time visiting their mother Mrs. Hoda, who has been a patient for several weeks.

AMONG THOSE WHO have been released are Gloria (Mrs. Santos) Rosato—Gloria was another who had been working longer and harder than was good for her. Naomi (Mrs. Hack) Doyle has been at her Ladite Drive home since being discharged on Sept. 20; as was Gerry Von Antz. Buddy Zimmerman was another young man recently hospitalized. He was "freed" last Tuesday.

THIS COULD GO ON AND ON, as we naturally have more statistics on the ill than the healthy; but we must save space for hope you're feeling better wishes to some who were given out-patient treatment.

Geri (Mrs. Sam) Blanchard's foot is still in a cast. (Cont. on Page 7-A.)

Parents Club Not Pleasant

Club Formed To Help Needy

The Swinging Door Social Club held its monthly meeting Friday, September 20, 1968, at 8 p.m.

The central focus of this meeting was on the filing of the charter and discussing a project in which the club will undertake to do something for the needy in the community.

The name of this club may seem misleading to some, as it is not entirely a fun club. The club is interested in raising money to assist anyone in our community who is in need.

The club is having a fish-ry Saturday, October 5, 1968, at 6 p.m., until 9 p.m., at the "Swinging Door" on Harbor Drive.

Anyone will be able to get a fish dinner with all the trimmings for one dollar donation. The club hopes to raise enough funds to fill some baskets for needy families, to be distributed during the holiday season.

Letters to the editor

As chairman of the Republican Party and Citizens for Nims, in Hancock County, I call on all elected officials of Hancock County to declare themselves in this most important Presidential election.

This is the time for all conservatives to stand up and be counted. Never before in the South's history has there been such a time when the decision we make can have such a tremendous effect on our future.

The elected officials of Hancock County owe it to the people who elected them to make their views known in this important regard.

This is no time for our elected officials to remain silent. They have been chosen by the people as leaders and the people are looking to them for counsel and guidance in this our most important presidential election.

I suggest that each county and city official issue an official statement for the record expressing his views in the Presidential race.

Bay-Waveland Community Center Now Seeking Funds

Plans have been completed to develop a community center for the Bay-Waveland community. A volunteer civic Bay-Waveland Community Center, Inc. is now in the process of raising funds to finance the project.

The conception of the center was started about a year ago by one of our local youths, a petition, which was signed by over 800 local teenagers, wanting some type of recreational facility to our community. Later, this movement was backed by St. Stanislaus through a long-term plan of land located next to the campus for \$1 per year. A 10,000-square foot facility has been designed by a Lake Charles, architectural firm with an estimated cost of \$184,748.

Antia Lamb, president of the organization, noted it is to obtain federal funds from the Department of Housing and Urban Development for part of the needed funds. Under present funding regulations, the organization would be entitled to funds of the financing cost of the project.

Not only must our teenagers be enabled to avoid parking lots with nothing to do, but getting into the center, Mrs. Lamb said, teenagers, along with the better their environment.

The proposed plans for the building, with approximately 8,000 square feet of space, will include a sign, 111 feet in diameter, with 12 sides. The building will be dominated by a 3,700-square-foot auditorium taking up five of the 12 sections. It features a semi-round stage which comprises the central section of the building, as well as rest rooms. There is also a projection booth and a photographic darkroom. Exposed laminated beams and fluorescent lighting highlight the design of the building.

Additional rooms, all radiating outward from a central, circular hallway which opens on both sides of the stage, include kitchen and home economics area, a storage room, three 560-square-foot classrooms, two small offices and a conference room and the lobby. All of the other rooms and the auditorium also connect with a covered walkway around the outside.

Another covered walkway leads to a loading canopy at the circular driveway and to the shop and crafts building. This is about 1,900-square feet and includes another office and storage area.

A 30 by 60-foot swimming pool is also included in the plans with enclosed shower rooms. Additional cost for the swimming pool is about \$45,000.

Among instruction planned to be offered at the center are industrial arts, bricklaying, carpentry, electrical work and plumbing under the guidance of Larry Williams; ceramics by Mrs. Mildred Tate; and photography by Roland Thomas.

The Hancock County health department plans to provide health information through various programs and space is to be provided for an office for the Bay-Waveland Credit Union, as well as for meetings and other activities of the Veterans Civic Organization, the Friendly Squares dancing club and others.

Officers of the community center, in addition to Mrs. Lamb, are the Rev. Jerome C. LeDoux, SVD, first vice president; Boston Edmondson, second vice president; Roland Thomas, treasurer; and Mrs. Charles Beyer, secretary.

The organization is now soliciting contributions for the project from local groups and the general public. Further information can be obtained by contacting Mrs. Beyer.

sign, 111 feet in diameter, with 12 sides. The building will be dominated by a 3,700-square-foot auditorium taking up five of the 12 sections. It features a semi-round stage which comprises the central section of the building, as well as rest rooms. There is also a projection booth and a photographic darkroom. Exposed laminated beams and fluorescent lighting highlight the design of the building.

Additional rooms, all radiating outward from a central, circular hallway which opens on both sides of the stage, include kitchen and home economics area, a storage room, three 560-square-foot classrooms, two small offices and a conference room and the lobby. All of the other rooms and the auditorium also connect with a covered walkway around the outside.

Another covered walkway leads to a loading canopy at the circular driveway and to the shop and crafts building. This is about 1,900-square feet and includes another office and storage area.

A 30 by 60-foot swimming pool is also included in the plans with enclosed shower rooms. Additional cost for the swimming pool is about \$45,000.

Regional Survey Now Being Conducted

The Cities of Biloxi, Gulfport, Pass Christian, Long Beach, Bay St. Louis, Waveland, Ocean Springs, Moss Point and Pascagoula; the Counties of Hancock, Harrison and Jackson; the Mississippi State Highway Department, the U.S. Bureau of Public Roads and the Gulf Regional Planning Commission are cooperating in the Gulf Coast Area Transportation Study.

The purpose of the Study is to determine the traffic patterns of the area. The information will be used to develop a plan for a street and highway system which will accommodate future traffic in the area.

In a few days an authorized interviewer will call on you to inquire about the daily trips made by members of your household.

Your cooperation in giving this information to the interviewer will be a significant contribution toward the development of an adequate transportation system in the Gulf Coast Area for the future.

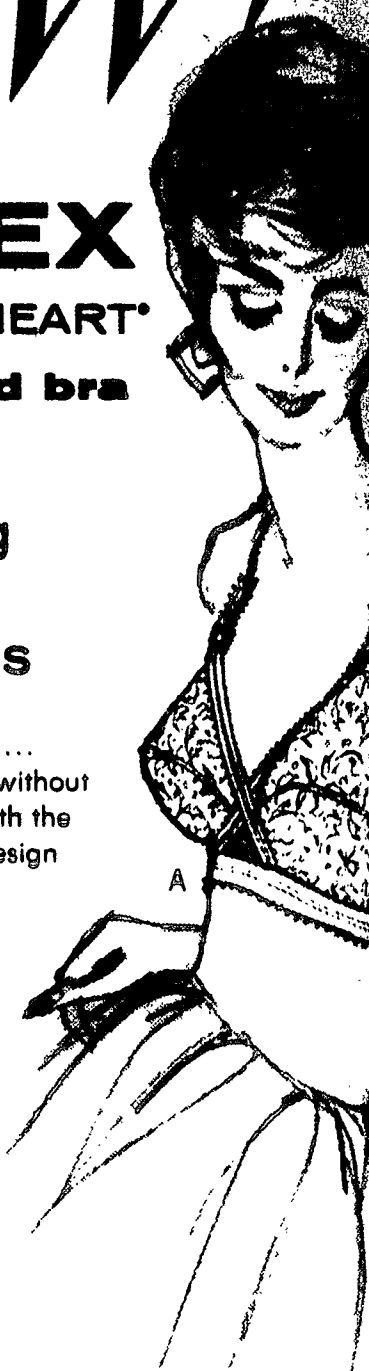

There are almost no many causes of sub-employment in city slums as there are slum dwellers. According to the U.S. Department of Labor, social, psychological factors, lack of education and training, ill health, discrimination, and distance from available jobs all act as deterrents to full employment.

GOV DINNER

EHC Has Meet

Clermont Harbor Extension Homemakers Club held its first meeting of the year last Monday in the home of Mrs. Frank Cooran with Mrs. John Saleeby, president, presiding.

Mrs. Saleeby gave a report of the recent council meeting. It was announced election of a new vice president and secretary will be held at the October meeting.

The group will hold its next meeting at 2 p.m., October 7, in the home of Mrs. H.W. Duke.

Putting-you-firsts!

(A quick tour of some of the thoughtful new features the 1969 Chevrolets offer that other cars in Chevrolet's field don't.)

Headlight washers
 You push the windshield washer knob and hold it, and your headlights come clean. Fluid is diverted to two jet nozzles at each light lens. (Outer lights only on duals.) The spray removes up to 80% of accumulated dirt. The feature is standard on 1969 Corvettes. It comes with the hidden headlights available on Camaro, Caprice and Kingswood Estate Wagons. It is available on all other models except Corvair.

Heated glass
 In a moment your rear window will self-defrost. Because we've built onto it a network of tiny ceramic strips capable of heating the entire surface. Fog and frost disappear quickly and quietly. You just flick a switch. The heated rear window is available on the 1969 Caprice Coupe and Impala Custom Coupe.

Power steering plus
 The 1969 Caprice, Impala and Camaro are available with a new type of power steering. Variable-ratio power steering. What it does is give you faster steering with fewer turns of the wheel.

Steering wheel lock
 When you own a car as desirable as the 1969 Chevrolet, you don't take chances. When you leave it, you lock it. Not just the doors. You lock the ignition, steering wheel and transmission lever, too. Our new lock on the steering column takes care of all that. Standard on all 1969 Chevrolets, Chevelle, Chevy Nova, Camaro and Corvettes. Sorry, car thieves.

Walk-in wagons
 The tailgate swings open like a door on most of our 1969 wagons. Which in itself is no big deal. But wait, there's more. We've built a concealed step into the rear bumper. You simply step up and in. (The way we build our wagons, you can do it while bumping your head and doing acrobatics.) Walk into a wagon and your Chevrolet dealer's.

Variable-ratio power steering
 To particularly helpful in slow, full turns. And parking becomes unbelievably easy. You'll see.

Putting you first, keeps us first.

Junior Auxiliary Holds First Social Affair

Members of the Bay-Waveland Junior Auxiliary held their first strictly-for-fun social affair Saturday night, September 21st, when they entertained their husbands with an informal pot-luck buffet supper and dance in the patio area underneath the Bay-Waveland Yacht Club.

Expertly wielding the electric carving knife were Tommy Kidd, whose wife, Linda, had baked a beautifully garnished ham and Bob Wyatt, whose wife, Sandy, had brought a mouth-watering golden-brown turkey. The menu also included green salads, potato salads, baked beans, relish tray, etc.

Other members and husbands enjoying the delicious and plentiful food and dancing to the lively stereo music were Bobbi Maggio, Karen Smith, Dee and Buddy Dodson, Nancy and Howard Adams, Sue and Travis Hensley, Nell and Bill Frisbie, Lois and Ez Morgan, Virginia and Fred Wagner, Lucille and Terry Feeney, Myrt and Michael Haas, Faith and Doug Koger, Karen and John Springer, Eleanor and John Hill, Irmgard and Horst Heilmann, Carol and John Hansell, Paddy and David Johnson, Shirley and Gene Williams. The affair was under the chairmanship of Mrs. John Hill.

There was a two-fold purpose for the get-together. Not only so the members could show appreciation to their most patient, understanding and helpful husbands, but they also passed the "kitty" and collected another \$17.00 from their husbands which will go to the City-County Library Building Fund.

Members were eagerly discussing their forth coming Charity Ball which will be held

at the Bay-Waveland Yacht Club on Saturday, November 23rd. It will be called "Cinderella's Roman Holiday", a gala semi-formal event with music furnished by Russ Papalia and His Orchestra, a well-known musical group from New Orleans.

\$1 Million Revenue Per Month Expected At Coast Shipyard

Brad Dye, Jr., director of the Mississippi Agricultural and Industrial Board, said here today that the construction of the state-owned "shipyard of the future" was creating new business for Mississippi firms at the rate of \$1 million a month. Dye was in Pascagoula for a weekly meeting of the A&I Board executive committee. In addition to a visit to the Port of Pascagoula, the executive committee spent several hours touring the site of the \$11-acre shipbuilding facility which is scheduled to start ship manufacturing in mid-1969. At a business meeting earlier in the day, the committee heard a report from the Ingalls Shipbuilding Division of Litton Industries which revealed that Mississippi companies have received \$8 million in new business (an average of \$1 million a month) since construction of the shipyard started in January. Dye said the report also shows that Mississippi businessmen received 615 (88%) of the total 692 purchase orders placed to date for materials and services in connection with the project. The report, Dye noted, reflects that all areas of Mississippi are sharing in the business. Dye said the \$8 million volume of in-state procurement is spreading its economic benefits not only to the businessman, but to all segments of the state by producing an estimated \$4 million in additional wage and salary payments to Mississippi workers. An estimated \$6 million in new retail sales is also generated by these purchases inside the state, Dye added. The A&I Board director pointed out that the "shipyard of the future", though a year away from actual production, has already placed Mississippi in position to become involved in some of the largest shipbuilding programs in navy history. Dye said that this facility is enabling Litton to compete successfully for ship contracts that could not have been won without the "shipyard of the future". "Because of the new facility," Dye said, "Litton won the design competition for two large multi-million dollar navy construction projects, and the company is presently in competition for a third. Any one of these projects has the potential of becoming the largest single business in the state," Dye added. Members of the executive committee include: Governor John Bell Williams; Leslie B. Lampton, Jackson; Pat McMillan, Jr., Jackson; J.R. Scribner, Amory; Thomas H. Webb, Meridian; and Charles W. Wynn, Ocean Springs.

Tigers Roll Over Hancock, 18-6

Coach Lance Lumpkin's Bay High Tigers chalked up their first win of the 1968 Football season with an 18-6 win over Hancock North Central at Tiger Stadium last Friday night.

A capacity crowd was on hand for the game which featured some long distance scoring by both teams.

Statistics were just about even in the game with the Hawks getting eight first downs with nine for Bay High. Bay High had total yardage of 291 yards as compared with 239 yards of Hancock.

The Tigers prowled on the ground most of the night picking up only 23 yards through the air while the Hawks stayed in the air much of the time, hitting eight times on 15 attempts.

Both teams fumbled four times, losing one of the four.

Hancock North Central got on the scoreboard early in the game when Robert Jackson took a punt back 55 yards for a touch-down. The swift halfback gathered in the punt cut to the right and was gone all the way giving Hancock North Central the lead, 6-0.

The Tigers roared right back with a sustained drive that was climaxed by Matt Fairconne's six-yard blast into the end zone to tie the score at 6-6 going into the second quarter.

The Tigers were on the prowl again in the second quarter when Mike Benigno scored from 10-yards out to put the Tigers on top for good. Benigno had set up the TD with a 35-yard scamper earlier in the drive.

The final TD came in the third period when David Allain intercepted a Hawk pass and raced 50-yards for the touch-down, to make the score 18-6.

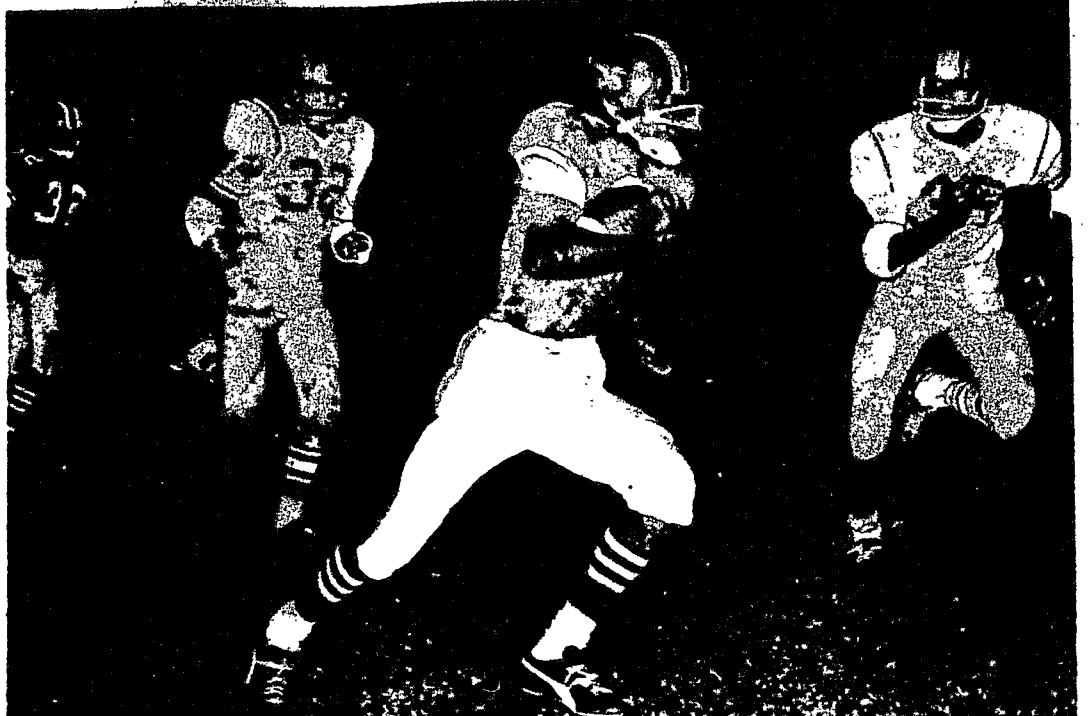

The season on rabbits and squirrels opens on October 19th. Daily bag limit is 8 per day, 16 in possession.

The rabbit season opens in October. Remember shining for rabbits is illegal for the first time in Mississippi. There are plenty of the cotton tails in Hancock County. A good rabbit dog is mighty good for getting them.

The Tigers move to Tampa this Friday to face Harrison Central Red Rebels.

The Tigers starting quarterback Gene Estapa, put for the first part of the season with a

broken thumb, suffered a broken arm in Friday's game and will be out for the season.

HANCOCK NORTH CENTRAL got on the scoreboard first in the annual battle with Bay High with a 55-yard punt return. Here the swift Jackson races past William Redo (32) and Matt Fairconne (35). Bay High won the game, 18-6, on their home field.

ROBERT JACKSON (32) struggles through heavy traffic in Friday's game featuring Hancock North Central and Bay High. Halfback Doug Burch (24) moves in to put the stopper on Jackson. Hancock's Doug Wilkerson (41) gives Jackson some help on Bay High's David Allain.

KANTCHA KETCHUM
By L.S. (Doc) Elliott

Seems like fall will never get here. To fishermen and hunters fall is one of the best times of the year. Fish hit harder, bite better, are more plentiful.

Hunting for all game is tops. No mosquitoes, deer flies or other insects on the prowl. Even in winter all sports can be indulged in with no sweat.

Up to now it has been too hot for doves although a few have been killed hereabouts. Farmers have cut their corn and millet. The second and third parts of the dove season should be much better. Doves are mostly a migratory bird and move in when it gets cooler.

Speaking of killing doves Dr. and Mrs. Emile Bortner and two sons spent some time in Arkansas where they killed the limit of 30 doves a day. Shirley (Mrs. Bortner) got her limit each day, along with the men. Doc said the hunting was out of this world.

KANTCHA KETCHUM

(Cont. from Page 4-B)

Chickie Brown, known to catch great trout in the casting rod. He made a fine catch including, among others:

Happy Fawcett, James Strong and Pete Mord have been getting their share of salt water fish. They are good with a cast net, too. Have been getting a lot of fish at night. Can use some, boys.

Just another break, Pete Gilman showed an extra large hard crab. Its right claw was perfectly white and the rest of the crab was of natural color.

Karl Kasper who has a camp at Shoreline Park has been getting his share of salt water fish. Karl is a good fisherman. He talks from Hattiesburg and spends his weekend here.

Was a pleasure to meet Bill Baker, of New Orleans. Bill comes over regularly to fish and stay with friends. Bill was most of his time over the bar. He owns one.

Originally from the Bay, John Demoran owns a charter boat which operates out of Gulfport from the Sun-a-Sun. Jigger, as he is better known to his friends, said they are catching all kinds of salt water fish out in the Gulf. The boat is called the Viking.

Bud Thomas and his son, Mark, are going after fish in a big way. They love the sport and go quite often.

Bull crocoders are being caught most everywhere. Gene Lueder, Al Mercier and yours truly caught some beauties over the weekend up Bayou LaCade and in Jordan River. Speckles and white trout are hitting also.

Gene Lueder, owner and operator of Bayou LaCade Marina is a real fisherman. Gene does any kind of fishing and knows how to get 'em. He's a swell guy to know and claim as a friend. His pleasure in helping others catch fish. Meet Gene, you'll be glad you did.

Jack Seuzensau does most of his fishing at Free Mason Key out in the Louisiana marshes. Jack flies to the keys, fishes a couple of hours and returns with his share of fish. Waiting for that trip, Buddy.

Starting, both dead and alive, are the best bait for catching both salt and fresh water fish. There are plenty of shrimp just now but rather expensive. Live shrimp cost 8 cents each while dead shrimp are selling for 50¢ to 65 cents per pound. Live minnows will catch fish. They can be caught with cast nets most anywhere in local ditches and pot holes. From now on speckles, and other salt water fish can be caught on artificial baits by trolling and casting. Shadriga, specks-a-go-go and plugs are doing the trick right now.

E. WALKER is another of our local golfers. He enjoys the game and according to the smile on his face must have had a good game recently. He also enjoys other sports and is a busy man on weekends.

Desperation Pass Downs VCJ, 13-9

The Valma C. Jones Tigers suffered their first loss of the season last Thursday night in a bruising battle with Todd Memorial of Poplarville, 13-9, at Tiger Stadium.

The game was a double loss to the Tigers as Winston Whavers was lost for the season when he suffered a broken leg in the game. Several other members of both squads were injured during the contest.

Captain Willie Bradley said the game was one of the hardest hitting games he has seen in recent years. "The contest was so tough and the hitting so hard, we fumbled the ball five times inside their eight-yard line."

The Tigers started the scoring when Captain Larry Peters took a Sterling Bell pass 66 yards. Bell and Peters teamed up on another pass to complete the conversion.

Todd also scored in the second quarter but trailed at the half, 7-6.

At the start of the third quarter, the Tigers caught the Todd quarterback in the end zone for a safety giving the Tigers a 9-6 lead.

Poplarville scored the winning touchdown with just 59 seconds on the clock with a long 40-yard pass.

Ed Whavers was again the top ground gainer for VCJ with 147 yards on 12 carries. This gave Whavers 674 yards rushing in four games. Quarterback Bell had 63 yards on four carries.

The Tiger defense was bolstered by the fine play of Kurt Alcornette, Paul Jordan, Peter Wesley, Keith Payne, John Lee, Thomas Hawkins, Bedford Young and Michael Ly-muel.

Whavers led the offense with help from Bell, Columbus Young, Peters, Lawrence Cole and Keith Payne.

The Tigers got a little encouragement from the bench with the return to the lineup of

PRJC Lose in Final Minutes

Flagged by fumbles, the frisky Pearl River Junior College Wildcats dropped a heart-breaker to the Southwest Bears 7-0. With 3 minutes remaining in the game, a Ricky Lee pass was intercepted on the 50 by Mike Thompson who raced all the way for the Southwest score.

Ralph Montgomery kicked the point after and the Bears sported an unearned 7-0 victory. The statistics were PRJC all the way with 358 yards total offense to 95 for Southwest. Pearl River had 20 first downs to 6 for the Bears and 82 yards passing compared to 5 for the Bears. The only place Southwest excelled was in pass interceptions with 5 to 2 which proved to be the turning point of the game.

Early in the fourth quarter Gravelle combined with flanker Danie Ennes for 45 yards and a T.D. The Rocks put together one more scoring drive late in the fourth quarter. The drive started at mid-field. Three rushing plays later the ball was in the hands of St. John's. On a first and ten, Gravelle hit tackle eligible Charles (O.J.) Matthews on a 20 yard pass to the 12. Then from there he hit Mike Gennell in the end zone for the score.

The Rocks have the week off this weekend then play Ocean Springs on the road on Oct. 11.
